

DETAILED ACTION

Amendments

1. Acknowledgement is made of the amendment filed September 22, 2010. Claim 14 has been cancelled. Claims 16 and 17 have added. Claims 1, 4, 6, 7-11, 13 and 15 have been amended. Accordingly, claims 1-13 and 15-17 are now pending in the application. The amendment to the Abstract does not introduce any new matter.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Marc W. Butler on December 01, 2010.

The application has been amended as follows:

Claim 1. (Currently Amended) A system of wireless electronic registration plates comprising a central wireless module built in an area within [[the]] a transport means having wiring of the central module with an electric energy source and, the electronic registration plates that are independently powered by solar cells, wherein the registration plates have built-in wireless communication chips as to enable receiving of, updating and sending data to a data source as well as between the central wireless module and satellite wireless modules that are placed in the electronic registration plates, and electronic paper technology [[being]] is used for displaying for displaying of the data on the registration plates.

Allowable Subject Matter

3. Claims 1-13 and 15-17 are allowed.

4. The following is an examiner's statement of reasons for allowance:

With respect to claim 1 primarily, the prior art of record, taken alone or in combination thereof, does not disclose or suggest, inter alia, electronic paper technology is used for displaying for displaying of the data on the registration plates.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to RAMY RAMADAN whose telephone number is (571) 272-9761. The examiner can normally be reached on Mon-Fri 7:30 am-5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, PATRICK ASSOUD can be reached on (571) 272-2210. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
